THE USE OF THIS SOFTWARE IS SUBJECT TO THE TERMS OF THE LICENSE AGREEMENT PRINTED BELOW. IF YOU DO NOT AGREE WITH THE TERMS, THEN YOU SHOULD NOT USE THE SOFTWARE OR ANY PART OF THE SOFTWARE IN ANY WAY. BY USING THIS PRODUCT, YOU AGREE TO BE BOUND BY ALL THE TERMS AND CONDITIONS OF THIS LICENSE AGREEMENT.

THE AGREEMENT

This document is a legal agreement between Dynamsoft Corporation, Canada, hereafter referred to as "Dynamsoft", and the user of the software, hereafter referred to as "You".

DEFINITIONS

"Software": The "Dynamsoft Barcode Reader" software and all accompanying components, parts and documentation that have been developed by Dynamsoft.

"Licensee" means the person or entity entering into this Agreement with Dynamsoft. Any person who is entering into this Agreement on behalf of an organizational entity represents that he or she has the authority to bind such entity.

"Application" means an end user program which Licensee develops using the Software and into which the Redistributables are incorporated, and which contains significant additional functionality over and above the functionality contained in the Software.

"Redistributables" are those runtime libraries and files intended for duplication and distribution with the Application.

"Deployment License" allows Licensee to copy, deploy and redistribute the Redistributables to end users as part of the Application.

"Server" is defined as a computer configured with the intention of multiple users accessing it as a service, or as a background service running as an automated process. The computer has Software loaded into its RAM.

EVALUATION LICENSE

Dynamsoft grants Licensee a limited, non-exclusive, non-transferable license to use the Software for evaluation purposes for 30 days. An Evaluation License does NOT grant you the right to distribute the Software.

DOMAIN BINDING

Domain binding is not required for Evaluation Licenses.

Domain binding is required for Full Licenses. One Full License can be bound to one domain name. If You have multiple domain names, You need multiple Full Licenses.

For the purpose of development and testing, Licensee can bind the following IP and domains to one Full License: 127.0.0.1, localhost, and example.com. I.E., 127.0.0.1 and localhost do not consume the quota of domain names.

Two domain names are counted as one as long as they share the same second-level domain and top-level domain. For example:

- example1.com and example2.com are 2 domains
- example.com and example.net are 2 domains
- a.example.com and b.example.com are counted as one domain

DEPLOYMENT LICENSE

The Software offers flexible licensing options, such as per user, per client computer, per Server, or per API call.

More licensing options can be discussed via an inquiry email to sales@dynamsoft.com.
